

# MACPO's Medallion Hunt

The Medallion Hunt has been a long-standing tradition with MACPO, longer than anyone can even recall.

The Medallion will be hidden somewhere on the Breezy Point Resort's grounds.

It is made of wood, approximately the size of a hockey puck and says MACPO (see image). It can be either inside or outside, so keep your eyes open.

Clues will be posted throughout the day on our Facebook page. Follow the clues and they will lead you right to it. There will be clues until the medallion is found.

The first clue will be posted by 9am on Wednesday.

If you are the lucky one to find the Medallion, please return it to the MACPO Registration Desk to redeem the prize.
